- CSS
- Javascript
- MS Excel,MS powerpoint
- Bootstrap
- Git, GitHub

RELEVANT SKILLS :

- Leadership
- Team building
- Communication skills
- Time management
- Honest and Punctuality

PROJECTS:

- **PERSONAL PORTFOLIO WEBSITE:** I have designed and developed a personal portfolio website to showcase my skills and projects in an organized manner. The website includes a home pagewith an introduction to who I am , an about page with information about my background and interest. A project page that showcases my previous work, and skills and a contact page. The website is designed using modern web technologies such as HTML, CSS, Javascript, Python and Django.
- **EMAIL VERIFICATION:** Fuctionality includes registering users, login user interface, user authentication , generate hashed token for each user. Generate a verification link and send it to the user's email. Receive a request from the verification link and verify for its validity. Activating the user's account using python and Django.
- **CRUD Project Function Based view with model form :** I this project, I created a Model admin class, model form and insert form data to database , retrieve database data, delete data from database and update form data to database and many more using Django and Python.

ACHIEVEMENTS:

- 5 star on Hackerrank.
- NPTEL certificate for the course of farm machinery from IIT Kharagpur.
